License Plate Frames

ERUCARAT

The premium license plate frame by UTSCH.

Elegant, modern design

Robust hinge lock

Perfect for advertising

UTSCH

The ERUCARAT:

Elegant, modern design

Robust hinge lock

Perfect for advertising

Also available as a shop version

With its many versions, the ERUCARAT by UTSCHE offers an elegant, modern design which blends perfectly with the look of modern vehicle types. This license plate frame fulfils all current statutory regulations.

For diversity:

With the Silver-Black, Black-White and Chrome Look models* you have a choice:

Two versions of the closure band make for an alternative look!

The **curved bar** with and the **straight bar** without the bolt application:

One frame, two designs.

*with improved long-term surface protection.

For the trade:

The **ready-to-sell shop version** offers genuine added value for the trade in practical protective packaging with Euro-standard holes:

We would be pleased to include your wishes and specifications in the design of the product insert. Special markings (e.g. EAN codes) can support your merchandise management and warehousing on request.

The **comprehensive fitting instructions on the rear of the insert guarantee easy fitting to the vehicle.**

Our standard models:

„Silver-Black“*

* Also available without screw design

„Black-White“*

* Also available without screw design

„Trend-White“

Carbon-Look“

Our exclusive models:
