

Embossing press comes as standard with workbench and optional with shelf for clapper dies as an accessory.

Embossing Press 250 kN

Space-saving, efficient and easy to handle.

The compact space-saving construction consists of the compact 250 kN press, a suitable work-bench with the separate aggregate and (optional) the shelf for clapper dies.

Meeting the CE-safety standard, the machine conception is designed for a maximum of profitability and easy handling. It permits low-noise operation with high embossing speed and guarantees exact embossing results.

UTSCH

Embossing Press 250 kN

Technical Data*:

Embossing capacity:	250 kN
Maximum height of embossing tools:	up to 45 mm
Cylinder stroke:	max. 25 mm
Stroke-limiting stop:	approx. 20 mm
Connection load**:	AC, 230 V, 50 Hz, 1 phase
Power consumption:	1.5 kW
Dimensions: with table	length: 1,200 mm, width: 750 mm, height: 1,140 mm
Total weight:	approx. 275 kg (including table)
Time required to emboss one 520 mm license plate at max. 175 bar:	approx. 5 sec

*Subject to alterations serving technical improvements. **Further voltage range on request.

Accessories for the embossing press 250 kN:

Embossing Frame
Article-No. 0461010

Plastic Clapper Dies

Shelf for clapper dies
Article-No. 0761900
