

Embossing Press 800 kN

Ideal for medium quantities, cost-effective and flexible.

This embossing press was specially designed by UTSCH for the production of license plates in medium quantities.

It is a quick and tool-preserving multi-purpose machine, and due to its favorable purchase price an economic investment. In conjunction with UTSCH clapper dies and the UTSCH embossing frame, this model achieves excellent embossing results.

The machine design complies with the CE safety standard.

UTSCH

Embossing Press 800 kN

Technical Data*

Embossing capacity:	800 kN
Press surface:	600 x 270 mm
Cylinder stroke:	50 mm
Connection load*:	400 V, 50 Hz
Power consumption:	4.2 kW
Dimensions, including protective hood:	length: 945 mm, width: 885 mm, height: 1,400 mm
Weight:	approx. 720 kg

*Subject to alterations serving technical improvements. **Further voltage range on request.
